

Mandatory Meal Plan

Similar to many high end luxury vacation villas, Golden Dolphin Villa provides a mandatory meal plan designed to allow you to escape from the kitchen and thoroughly enjoy your retreat with us. Our meal plan is designed with flexibility in mind to provide you with a broad array of meals and beverages throughout your stay with us. All main meals, snacks and evening treats are prepared and served as you like them while you are here.

After you reserve the villa, our villa concierge will email you a sample menu from which you will choose the selections you desire. Feel free to customize the menu to fit your unique tastes, address any food allergies or if you have specific requests (vegetarian, lactose free, etc.). Our goal is to provide you with the cuisine you want, prepared when and how you like it so you truly enjoy the luxury experiences at the villa.

The daily meal plan costs include all beverages such as fresh tropical juices, soft drinks, bottled water and mixers. Alcoholic beverages and specialty drinks, such as Red Bull, are charged additionally.

- Adults (age 12+): \$65/per person
- Children (age 4-11): \$30/per person
- Toddlers (under 4): Complementary

Please note that the meal plan is not optional but is a mandatory part of the rental for the villa. Our executive chef knows where to obtain only the finest ingredients to create and serve mouth-watering delights!

Our menu is as varied as the palette of the island allows; fresh lobster, fresh local seafood, USDA Angus (or Argentinean) beef, pork, goat and chicken. Our food plan includes complete breakfasts, lunches, mid-day snacks and wonderful dinners prepared daily by our executive chef, served formal restaurant style or buffet family style as you like.
