## *About Courchevel 1850*

---

Courchevel 1850 is Europe's most fashionable ski resort. Perfectly positioned in the peak of Les Trois Vallées, the elite town basks in snowfields of spellbinding beauty.

Courchevel has exceptional skiing for guests at every age and stage, from green level novices to black level experts. Lessons can be within groups or 1:1. There are 89 slopes and 62 ski lifts (including one just a few minutes from your front door).

Courchevel is superb cross-country or off-piste and we can even organise heli-skiing. While up on the slopes, stop off at the hotel Courcheneige for lunch on the terrace with stunning views over the mountains.

Courchevel's hedonism lasts day and night. Chalet Jade is in Cospillot just three minutes walk from La Croisette in the centre of the village. Restaurants include everything from French Michelin-star gastronomy to Japanese, Italian and just about every other cuisine. Nightlife of the drinking, dancing or people-watching variety, includes bars, restaurants and clubs that start off noisy and accelerate to riotous.

Throughout the winter, Courchevel has events such as skating galas, polo tournaments, a cinema festival and a staggering firework event that crackerjacks over the entire valley. Your concierge takes care of everything from skiing passes to restaurant reservations and gets you into all of the exclusive enclaves.

Courchevel – slalom in style.
