(Sleeps 10 guests)

Infinity Edge Lap Pool / Outside Dining & Barbeque

Delos Beach, Mykonos, Greece

Blue Sapphire's unique hilltop position boasts outstanding views of Delos and the surrounding islands. Designed by a famous international architect, Blue Sapphire combines eclectic Cycladic and contemporary style. The infinity white and turquoise lap pool hosts a central gazebo with colorful lighting for evening dips.

The numerous outdoor terraces are ideal for sunbathing, relaxing in privacy and entertaining guests. The stone exterior blends perfectly with the surrounding garden's flourishing Mediterranean plants. Connecting to the outside patio, the dining area enjoys extensive sea view and direct access to the pool. The outdoor dining area, overlooking the pool's sunken gazebo and the sea, is ideal for gourmet summer evenings.

The master bedroom, detached from the main part of the villa, features an open-style bathroom with a sunken tub. On the top level of the house, a second double bedroom with own en-suite bathroom has a comfortable veranda showing attractive views of pool and garden. Two extra bedrooms are located on the bottom of the house with separate entrance.

Certainly one of the stylish properties in Mykonos, Blue Sapphire is a perfect retreat, ideal for those searching privacy within a very elegant and pleasant setting.
