Conchas Chinas, Puerto Vallarta, Mexico

Luxurious Mexican-style home located in the exclusive Conchas Chinas district of Puerto Vallarta. Enter the antique wooden doors and be transported into a magical setting. The magnificent view of the Bay of Banderas catches your attention immediately. The open architecture of the living room brings the wonderful view right into the house. You notice the tasteful furniture and beautiful handicrafts, imported from throughout Mexico. Fresh ocean breezes invigorate and cool you. High ceilings impart a feeling of freedom and comfort.

This magnificent villa offers 10,000 square feet of living area, and is one of the largest houses in Puerto Vallarta. It was designed and constructed in 1997, and features wrought ironworks, stained glass windows, and hand-painted tiles. The family room is equipped with a 35-inch television, a VCR and house library of 30 videos, and a CD/tape/radio player.

The Villa offers eight spacious bedrooms, and can accommodate 16 adults in luxury. All bedrooms have fantastic ocean views and balconies. Seven of the bedrooms have private attached bathrooms. There are seven king-sized beds and one queen-sized bed. Each room also has an individual air conditioner, ample closet space, a ceiling fan, and a lockable safe.

The property features a stunning view of the Bay of Banderas. The house is perched on a hillside several hundred feet above the ocean, and offers an 180-degree view up and down the coastline. Los Arcos can be seen on the left horizon, and Punta de Mita can be seen on the right. Watch the fishing boats go out at the break of dawn as you breakfast from the patio. Enjoy the glittering sunset as you supper. The view will take your breath away.

The deck has ample space for sunbathing or relaxing. If you are observant, you may catch sight of a pod of dolphins or whales making their way down the coast.
