

# Luxury Green Living Lake House

3 Bedrooms/3 Bathrooms  
Green Home/Lakefront/Pool  
Lake Norfolk, Ozark Mountains, Arkansas

GREEN LIVING is all that has to be said of this luxury lake log cabin rental overlooking Lake Norfolk in the Ozark Mountains of Arkansas. Situated in the center of the States, we are within 10 hours by hybrid of numerous towns and cities. Designed with families in mind, every effort has been made to ensure your family has fun in a safe and healthy environment. Natural materials have been used throughout, such as wool, silk, organic cotton, bamboo, reclaimed wood, stone and leather. We have also used non-VOC paints to ensure toxins are banished and your family will breathe nothing but the freshest mountain air.

Looking on a wider scale, this Lodge was also built to be 'green' and to conserve nature. The house features 3 bedrooms and 3 bathrooms, each one luxuriously decorated, its size is more than adequate for 10 people, but not too large to be a drain on electricity for heating and cooling. Double glazing, cellulose insulation and blackout curtains keep heat at bay during the hot summer months and keep heat in during the winter. Local materials and staff are used where possible, along with materials which are recycled and recyclable. With its roots in nature, the home has been designed around a warm, neutral palette with sleek, contemporary features. A list of 'green' features and amenities is as follows:

Recycled glass tiles in the swimming pool , Automatic pool cover to reduce water changes, heating requirements and chemicals. Ozonator in the pool to reduce chemicals. Solar lanterns throughout the landscaped gardens. Indigenous plant species known to attract wildlife, plus bird feeders. Pool and deck furniture made of recyclable all-weather wicker. 'Frisbee golf' - the 'green' alternative to golf in the 2 acres of existing oak trees. Energy Star appliances

throughout. Dual flush toilets throughout. Reclaimed wood headboards. Reclaimed wood tables and lighting. Eco-desks and media stand made from smartwood. Mirrors and wall panels made of eco-friendly styrax wood. Kitchen servewear and glasses made of recycled glass and bamboo where possible. Wool and flokati rugs. Bamboo flooring. Recyclable carpet. Non-VOC paint. Natural limestone in bathrooms. Rock boulder sinks. Natural silk curtains.
