

## Elevator Instructions

The elevator, by default, is always positioned on the 2<sup>nd</sup> floor. To lower the elevator please push the button and be patient. The main door to access the elevator will only OPEN when the elevator is at the designated 1<sup>st</sup> floor position or 2<sup>nd</sup> floor position which ever preferred.

### PLEASE DO NOT

1. Pull or tug a main door. If the door does not open easily the elevator has not been positioned.
2. Do NOT slam elevator doors.

**Thanks – Enjoy your stay!!**
