Beautiful Modern Villa, Designer Decorated with some of the most amazing Euro Styling. This gorgeous open layout calls for you to come and relax with a wide open Bay View which gives you complete privacy during your stay. You are just Minutes to South Beach, Dining, and Shopping. Unlike other homes we are placed close enough to everything yet far enough for privacy. Stay in a home that was featured on MTV Europe and used by Celebrities for Movie locations and for their own short stays.

The house features 5 bedrooms, the master being the largest of the 5. One room is setup like a Nanny/Guest Quarters and does have a smaller bed. The house is child friendly and the owners did live in the house prior to putting it on the market for rental with their young children. The owners who are a Medical Doctor and a famous Luxury Brand owner have also showcased their home in local print, national ads, and local television shows.

If you are looking for something spectacular than this 5,000 sq. foot, amazing waterfront home, is the right space for you. No pets allowed at this time.
