

Beachfront Kauai

A Quote From the returning Honeymooners Jo & Gareth Keen

“On our final day, Jo and I went for a goodbye swim to Secret Beach. The beach was deserted and the water clear and warm. We swam out about 50ft and suddenly a dolphin leapt out in front of us, then another then another in sequence for nearly half an hour as if they were auditioning for Sea World. We bobbed in the water for nearly half an hour, surrounded by this exceptional show from these magnificent creatures. It was the absolute highlight of our stay and gives us a strong pull back to the house. I had forgotten what a magical place this is and the whole experience is topped of by your impeccable hospitality.”
